2. GENERAL EDITOR INSTRUCTIONS

- The framework of an article must consist of the following parts:
 - author (academic degree, first name, last name, affiliation, ORCID number (optional), email address),
 - paper title,
 - abstract,
 - Keywords,
 - work content (body),
 - source materials,
 - figures, tables,
 - lists of figures, tables.

Remark!

Paper title, abstract, keywords must be preceded by the appropriate word:

- Paper title – Title:
 - Abstract – Abstract:
 - Keywords – Keywords:
- The chapter name in the text should appear without numbering - in bold (the first chapter must be titled "Introduction").
 - The entire article uses **justified** text, Times New Roman, 12 points, single line spacing, text without paragraphs, use one line of space between different elements of the article, default margins and other settings.
 - Patterns and pattern descriptions should be incorporated into the text. If it is necessary to number the formulas, use the numbering in round brackets: (1), (2) etc.
 - Scoring / specifying characteristic parts of the text should be done using full dots in the form below:
 - specifying from a small letter with a comma at the end,
 - specifying from a small letter with a comma at the end,
 - last count from a small letter with a dot at the end.

The following numbers may be used in the specifying:

1. specifying from a small letter with a comma at the end,
 2. specifying from a small letter with a comma at the end,
 3. last count from a small letter with a dot at the end.
- The text format should be as simple as possible. **Bolding**, underlining and *italics* of relevant parts of the text, as well as superscripts (but not as footnotes) and subscripts are allowed. The next paragraphs should be indented (using a tab).

3. GRAPHICS AND TABLES

- Illustrations (figures and photographs) should be placed at the end of the document with appropriate subsequent captions under the appropriate illustration. The text of the work must contain references to the drawing or photo according to the formula: in fig. 1. Example of the marking below:

Figure 1 (example drawing)

1. Caption of the figure without using the word "Fig." or "Figure" before numbering, bold the number, do not use the dot at the end of the signature, centered

Figure 2 (example photo)

2. Caption of the photo without using the word "Fig." or "Photo" before numbering, bold the number, do not use the dot at the end of the signature, centered

Remark!

If you attach illustrations as separate graphic files (jpg, eps, tif etc.), you may not include them in the document. You should then add a list of illustrations, and the names of the attached graphic files should be clearly defined, e.g. 1.jpg, 2.jpg, 3.tif, etc.
